

# AMPLIFYING THE SNS JU PROGRAMME COMMUNICATION AND MAXIMISING THE IMPACT:

Communication is key to highlighting the results of your project and the contribution you make to advance Smart Networks and Services (SNS) research and innovation in Europe. Communicating about the project's outcomes and impacts towards the Smart Networks and Services Joint Undertaking (SNS JU) is critical in establishing a solid European research and innovation (R&I) foundation, defining the next-generation networks. The SNS JU programme offers communication support and has several tools and mediums available to amplify messages across different platforms.

## 6G SNS Communication Task Force

The SNS-OPS project will set up a Communication Task Force made of all the Communication Managers of the SNS JU projects. The SNS-OPS team will engage the members of the task force in a monthly online meeting (1-hr) to allow the cross-dissemination of news, events etc, facilitate the projects' collaboration and ensure communication support. A dedicated mailing list has been set up to facilitate project communication coordination. Please use this mailing list [comms@sns-ju.eu](mailto:comms@sns-ju.eu), which consists of all the project Communications Officers and the SNS JU Communication Coordinator to share relevant dissemination activities. This is an effective way for projects to participate and communicate on important issues concerning the SNS JU and seek outreach support.

## Working together to make the SNS JU projects voice stronger

Since its launch, the SNS JU programme has stepped up efforts to communicate its vision and ambition. The SNS-OPS project (Coordination and Support Action) will support all the SNS JU projects communication efforts. We will amplify each project's outreach through targeted online and offline media, and we have several tools available to amplify each community's member news:

- [SNS JU website](#) (Press releases, blogs/news, newsletters, events about SNS JU, SNS JU Projects, Publications)
- Social media campaigns and visual communications to the community of followers
- [Linkedin Page](#): 1,421 followers and growing
- [Linkedin Group](#): 1,385 members and growing
- Twitter Account: [@6G SNS](#) 9,088 followers and growing
- All news, including newsletters/blogs/press-releases/latest news, will be published on the [news-overview page](#)
- "Ad hoc" [publications](#) (e.g. white papers, Annual 6G SNS Journal)

Communication support and coordination at major events online and offline (i.e. ETSI Conference, Mobile World Congress, EuCNC, etc).

## SHARE WITH US (CROSS-COLLABORATION)

- Mention/tag @SNSJU in your post to ensure maximum visibility

**YouTube**

Share any videos with news-and-events@sns-ju.eu\_ and we will upload them to the [SNS JU YouTube channel](#) and promote it across our social media channels.

## ACKNOWLEDGE THE EU FUNDING

Remember to include in all the communication materials (online and offline) the EU funding acknowledgment.

Following the guidelines from EC, all the SNS JU projects should use the EC recognition as below.

High-resolution emblems are available here: <http://europa.eu/about-eu/basic-information/symbols/flag/>

As per AGA (Art.17.3 – [PDF here](#)) you should add the following disclaimer:

*“<Funded / Co-funded> by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or <name of the granting authority>. Neither the European Union nor the granting authority can be held responsible for them.”*

Even if is not mandatory under the Horizon Europe programme, if you wish, you can use the acknowledge sentence using the name of your project and the agreement number.

*<....> project has received funding from the Smart Networks and Services Joint Undertaking (SNS JU) under the European Union's Horizon Europe research and innovation programme under Grant Agreement No <....>*

Finally, on your website, the <https://smart-networks.europa.eu/> link should also be added.

## SNS JU LOGO

The **SNS JU programme** logo was designed in one version. It combines the “6G” and “SNS” designed with different styles and combined into one shape. **Should be used always in its full version.**

### What you should not do when using the SNS JU programme logo
